

ENFANTS AU CERN - RAPPEL

Les enfants ne peuvent entrer au CERN que s'ils sont accompagnés d'adultes qui, eux-mêmes, y sont autorisés et qui doivent les surveiller à tout instant.

Ces enfants peuvent accéder aux locaux ouverts au public, aux restaurants et exceptionnellement aux bureaux. Par contre, il est strictement interdit de les faire entrer dans tout autre local, en particulier dans les ateliers, les laboratoires et les halls d'expériences, sauf pour des visites organisées officiellement.

Children may be taken into the public areas, the restaurants and, exceptionally, offices. They are not, however, allowed into any other parts, in particular workshops, laboratories and experimental halls except in the course of officially organized visits.
