

SEMINARS SEMINAIRES

MONDAY 6 AUGUST

EP SEMINAR

at 17.00 hrs - Auditorium

"Massive π^0 pairs and a search for direct photons"

by D. Levinthal / Columbia Univ.

(Please note that the entire talk will be given by D. Levinthal.)

Abstract : A high statistics sample of massive π^0 pairs was collected during the 1978 running of the CERN ISR at $\sqrt{s} = 63$ GeV. Correlation results and mass spectra will be presented. The results of a search for direct photons will also be discussed.

THURSDAY 9 AUGUST

CERN PARTICLE PHYSICS SEMINAR

at 16.00 hrs - Auditorium (*)

"The physics of the magnetic monopole and fibre bundles"

by C.N. Yang / Stony Brook

Abstract: 1) Recent progress in the theoretical physics of the magnetic monopole will be presented, including the e-g scattering amplitude. It was found that the electrons will be bound to a monopole in many bound states. 2) The method used in the above problems will be shown in an elementary way to lead to the mathematical concept of fibre bundles important for gauge theories.

(*) *Note* : Those attending this seminar are cordially invited to the Salle des Pas Perdus (just outside the Council Chamber) at 15.30 hrs to meet the speaker and for informal discussions. Tea and coffee will be provided.

MONDAY 13 AUGUST

EP SEMINAR

17.00 hrs - Auditorium

"A search for narrow baryonium states in π^-p and pp interactions (Experiments WA40 and WA49)"

by G. Rudolph / CERN

TUESDAY 14 AUGUST

CERN COLLOQUIUM

at 16.00 hrs - Auditorium

"The history of particle physics III. The birth of quantum statistics : Bose and Einstein"

by A. Pais / Rockefeller Univ.

INFORMATIONS GENERALES GENERAL INFORMATION

AUX UTILISATEURS DU SERVICE DES MAGASINS

Afin de permettre leur inventaire, les trois magasins self-services (Central, Meyrin et Prévessin) seront fermés chaque vendredi après-midi du 17 août jusqu'à la fin de l'année.

Le Magasin central, hormis le self-service, reste ouvert et toute demande urgente justifiée sera honorée.

Division des Finances/
Service des Magasins

TO USERS OF THE STORES SERVICE

The three self-services stores - Central, Meyrin and Prévessin - will be closed every Friday afternoon from August 17th until the end of the year for inventory purposes.

The Central Store, with the exception of the self-service, will remain open and justified urgent requests will be satisfied.

Finance Division/
Stores Service

SIGNALISATION ROUTIERE AU CERN - RAPPEL

Nous procédons actuellement à la révision de toute la signalisation routière sur les deux Sites.

Toute personne ayant des remarques ou suggestions à faire est priée de bien vouloir en faire part à Monsieur B.W. Gamble, Chef des Services généraux, Division HS. Prière de ne pas téléphoner.

Vu l'intérêt suscité par la première parution de cette note, nous en étendons la validité jusqu'au 10 août.

CERN TRAFFIC SIGNS - REMINDER

We are reviewing the present traffic signals on both Sites.

If any person has a suggestion(s) or observation(s) to make, please communicate this information to Mr. B.W. Gamble, Head of General Services, HS Division. Please do not phone.

More people than expected have shown a positive interest. Therefore we have extended the delay for answers until 10th August. Please come forward.

CHANGE OF BEEP-BEEP

Please note that D. NEET, head of the Operations Group, ISR Division, has the beep No.273.

ISR Secretariat / Tel. 3254
