**INFORMATIONS
GENERALES
GENERAL INFORMATION**

**RAPPEL AU PERSONNEL D'ENTREPRISES
ET STAFF DU CERN
DE L'EXISTENCE DE LA LIGNE DIRECTE
DE PREMIERS SECOURS:**

112

Trop souvent les personnes blessées ou malades sont amenées à l'infirmerie par leur collègue dans de mauvaises conditions.

Dans tous les cas d'urgences il est fortement recommandé d'appeler le Service des Premiers Secours par le numéro de téléphone 112.

Les Pompiers-Secouristes sont les plus aptes à juger sur place de la conduite à tenir dans chaque situation particulière.

**A REMINDER FOR CERN STAFF AND PERSONNEL
WORKING FOR OUTSIDE AGENCIES AT CERN
OF THE EXISTENCE OF A DIRECT TELEPHONE LINE
IN CASE OF AN EMERGENCY:**

112

Too often injured or sick people, who should not necessarily be moved before expert advice has been sought, are brought to the infirmary by their colleagues.

In every emergency situation, it is always strongly recommended to first call for help on the direct telephone line 112.

The firemen/first-aiders are in the best position to judge on the spot what action needs to be taken in each particular situation.
