

GAMES CLUB CHESS SECTION

Those who thought that the CERN Chess Club suffers from an acute case of "rigor mortis" may like to know that we intend to do something about it. In fact we suggest that you come to our new club room on Mondays 5.45 pm. You can listen to a short chess lecture (max. 30 minutes) and afterwards play a few games with your favourite opponent. The lectures will be on various chess topics, the level chosen such that anybody with some chess experience should be able to find the information useful. Starting date February 5th.

Our new club room is situated on the mezzanine floor in the Restaurant No 2 (same as the record club). Club members who want to be able to play at other times may obtain a key to the locker for chess material, which is now in the very same room where we play. Membership fee is 6 SF per year.

If you would like to come for the Monday lectures, please fill in the form below and send it to T. LINDELOF - DD.
