COOKERY COURSE 1966

The cookery course organized with the co-operation of those running the CERN canteen was a great success in 1965. Messrs. Hofmann, Ratry and Métivier have agreed to co-operate with us again in organizing a new series this year. We recall the rough outline of the course : basic theoretical and practical principles, clear and informal demonstration of recipes, how to serve meals and wines, accurate information about rational purchasing.

For technical reasons these lessons have to be organized during the off-peak hours of the canteen, and the number of participants has to be limited to 40. A fee of 10 francs per person will be charged for the whole course. The course will take place on Wednesdays from 3 p.m. to 5.30 p.m. on the following dates :

20 April	:	Fish
27 April	:	Vegetables - 1st part
4 May	:	Vegetables - 2nd part
14 May	:	Meat
18 May	:	Puddings and sauces
25 May	:	Cheese and wine

We also hope to be able to make arrangements for minding children, under conditions to be stated later.

When you return the application form please state whether you will be able to take part only if your children can be looked after, or whether you can take part in any event. Applications will be dealt with in chronological order.

For those who cannot follow this course during working hours, or those whose application forms arrive after the course is full, the Information and Reception Service of the Section (Lab. 4 (2-072) 2nd floor, Extn. no. 2226) will provide information about other possibilities existing in Geneva.

Application form to be returned to : WELFARE SECTION
C E R N
