INFORMATIONS **GENERALES** **GENERAL INFORMATION**

VISITING PROFESSORSHIP : UNIVERSITY OF NIJMEGEN

The Department of Physics in the Faculty of Science of the University of Nijmegen has a vacancy for a one-year position as Visiting Professor. The applicant should be a senior physicist working, or actively interested in one of a number of experimental research fields, including high energy physics.

Requests for further information and applications accompanied by a curriculum vitae and a list of publications should be sent to Prof. P. Wyder, Faculty of Science, Department of Physics, Toernooiveld, 6525 ED Nijmegen, The Netherlands. Deadline for applications is March 15, 1980.

- BROWN UNIVERSITY

The Nuclear Theory Group of the Physics Department invites applications for an anticipated Research Associateship beginning in Autumn 1980. Preference will be given to persons with a background in nuclear reaction theory, the few body problem or many-body scattering theory, although all applications will be considered. Prospective candidates should write (including curriculum vitae and publication list) and arrange to have three letters of reference forwarded to Prof. S. Fallieros, Physics Department, Providence, Rhode Island 02912.
