COURS DE LANGUES

Cours d'expression écrite en français

Le SALC compte mettre sur pied, dès la prochaine rentrée, des cours d'expression écrite en français destinés à des non francophones, ceci sur plusieurs niveaux.

Si ce type de cours est susceptible de vous intéresser, renvoyez-nous le coupon ci-dessous. Nous vous inviterons à un entretien individuel pour déterminer vos besoins exacts dans ce domaine.

SECRETARIAT-COURS DE LANGUES

Je suis intéressé(e) par un cours
d'expression écrite.

ANNOUNCEMENT VLSI COURSE

The EPFL in Lausanne is offering an Intensive Summer Course on CMOS VLSI design, analog and digital, from 29 August to 16 September in Lausanne. The course will be held in three parts of one week each, with two courses on digital design and one course on analog design. It is intended for people who already have some experience in the field. The **deadline for registration is 15 June**. The course fees are Fr. 2000.- for one week and Fr. 4500.- for three weeks.

For further information please contact
Dr V. Valencic, tel. (021)473972, in Lausanne.

P. Weilhammer
Chairman TBER

A VENDRE AUX DIVISIONS

1. Matériel divers

- Câbles spéciaux à isolement minéral résistant aux radiations
- Tubes carrés cuivre pour refroidissement de longueurs et diamètres différents
- 6 bobines self à air ajustable, 140 A.

Ce matériel est visible au bâtiment 133.

2. PC Macintosh

- 2 ordinateurs Macintosh Plus 1 MB, clavier AZERTY
- 1 imprimante Imagewriter II, Français avec 3 Macintosh 1 MB, periph. câbles
- 1 imprimante Laserwriter Plus (NT) avec Apple talk Conn. Kit & Apple Talk Plus Syst. Conn. Kit

3. Systèmes de traitement de texte Philips

- Philips P5021 avec clavier
- Philips P5002 comprenant : unité centrale, écran avec clavier et imprimante DUAL HEAD type 53/TT75

L'ITALIE AU CERN

Quarante-trois firmes italiennes (comprenant vingt-et-une firmes individuelles et trois associations représentant vingt-deux firmes) présenteront le dernier cri de leur technologie à l'exposition 'L'Italie au CERN'. Cette exposition est organisée par I.C.E. Rome (Istituto Nazionale per il Commercio Estero).

Exposants : voir liste ci-dessous.

Vous pourrez obtenir, en temps utile, un programme détaillé :

- au secrétariat de votre division
- à la réception, bât. 33
- à l'exposition même.

Vous trouverez également la liste des exposants et de leurs produits dans l'édition du Courrier CERN de mai, page IV.

ITALY AT CERN

Forty-three Italian firms (including twenty-one individual firms and three associations of twenty-two firms) will present their latest technology at the 'Italy at CERN' exhibition. This exhibition is being organized by I.C.E. Rome (Istituto Nazionale per il Commercio Estero).

For list of exhibitors, see below.

A detailed programme will be available in due course at :

- your Divisional Secretariat
- at the Reception desk, bldg 33
- at the exhibition.

A detailed list of exhibitors and their products can also be found in the May issue of the CERN Courier, page IV.

CABINES PUBLIQUES 'TAXCARD'

Une cabine publique 'Taxcard' vient d'être installée au rez-de-chaussée du bâtiment principal (bât. 500) en face de la cabine à prépaiement. La 'Taxcard' est vendue au prix de Fr. 20.- au bureau des PTT. Dans une quinzaine de jours trois autres cabines seront installées au Foyer (bât. 38).

Dans un proche avenir nous espérons pouvoir indiquer un endroit où vous pourrez acheter les 'Taxcard' en-dehors des heures officielles d'ouverture des PTT et durant les week-ends.

Section Téléphones et Telex
DD Division

PUBLIC 'TAXCARD' TELEPHONE

A public 'Taxcard' Telephone has just been installed on the ground-floor of the main building (bldg 500) opposite the existing coin phone. The Taxcard costs 20.- Fr. and is on sale at the post office. In a fortnight three more of these card-operated phones will be installed in the Foyer (bldg 38).

In the near future we hope to inform you where you will be able to buy Taxcards outside the official opening hours of the post office and at week-ends.

ORGANISATION EUROPÉENNE POUR LA RECHERCHE NUCLÉAIRE CERN EUROPEAN ORGANIZATION FOR NUCLEAR RESEARCH		VACANT POSTS		Date 23.5.1988
Post & vacancy nos., date	Job title & summary of functions	Grade	Selection board	
	Internal Recruitment Only			
DD-OCS-PC-207 88-12, 29.02.88	Engineer (Programming) - To take on major responsibilities as a systems analyst in a team integrating existing clusters of large computers and personal computers into a site-wide management information system. - The Organization currently has a large central IBM facility running VM/CMS, a number of office support systems based on minicomputers, Macintosh and IBM compatible personal computers. The work involves use of integration of operating systems and application software for these various machines, including specific text processing, office support and network applications. It implies close and effective collaboration with the users.	9/10		
EF-CR-121 88-15, 08.03.88	Technical Assistant (Electrical) - To organize and supervise the operation, maintenance and modification of the electrical part of various cryogenic installations. To participate in the setting up, software configuration and testing of a modern industrial system for process automatization of cryogenic equipment. To study and prepare improvements and modifications to adapt the existing equipment to the new microprocessor-based control system. To supervise and co-ordinate the work of several technicians and qualified craftsmen.	8	B	
TH-SIS-014 88-14, 08.03.88	Scientific Information Officer - To assist the Head, Scientific Information Service, in the management of the CERN Library system, which includes the following major functions: - Analysis and evaluation of user requirements and actual use of collections, with feedback for development of acquisition policy, guidelines, training programs and user services. Organizing and developing user services. Organization of branch libraries and decentralized service. Implementation of a new integrated library system, in particular the loans (circulation) module and routines, on-line ordering service, statistical reports, user records. Participation in the planning and implementation of optical disk technology for access to the current preprints, with on-line ordering of hard copies.	9		
Applications for these posts should, if possible, reach Personnel Division no later than four weeks from the date of publication. For further information, in particular regarding qualifications required, please refer to the appropriate Vacancy Notice or contact Employment Services Tel. 2735/4606
