**ON RECHERCHE...**

... un bracelet type indien en métal blanc, muni de petites chaînettes garnies de clochettes rondes.

Ce bracelet, perdu le 9 juin dans les environs de la COOP, est à ma fille et je vous serais très reconnaissante, si vous l'avez trouvé, de prendre contact avec moi au numéro **4106**, le matin. Merci.

**COMPUTING SUPPORT FOR ENGINEERING  
NEWSLETTER**

Issue 17 of the CSENL has just been published. Its purpose is to keep the engineering community at CERN informed on the availability of support for their particular computing needs and on the direction in which this support is developing. Subscribers will receive copies automatically. In addition, copies can be obtained from Divisional Secretariats, the Main or Computer-Science Libraries or on request by mail or Email from me.

**TO SBS-CERN BRANCH ACCOUNT HOLDERS**

The SBS recently sent you a circular concerning bank handling charges.

This circular deals firstly with Eurocheques; secondly, with the dispatching of separate transaction advice-notes. Your attention is drawn to the fact that these advice-notes cover (amongst others):

- reimbursements, by CERN, of a number of items (official trips, school fees, home leave, etc).
- Austria insurance reimbursements.

If you do not return the SBS coupon, you will be notified of your reimbursements once per month, by

means of your statement of account (limited however to four lines of text for each transaction).

If you do return the form, you will be notified of each individual reimbursement by a separate advice-note with all details, as before. When these individual notices are distributed by the CERN internal mail, there is no mailing charge.
