INFORMATIONS GENERALES GENERAL INFORMATION

TO ALL MEMBERS OF THE PERSONNEL :

Temporary employment

During the period mid-June to mid-September, there will be a limited number of vacancies for temporary employment at CERN (normally unskilled work of a routine nature) which will be made available to children of members of the personnel (that is, anyone with a contract with CERN). It should be noted that candidates must be aged between 18 and 24 inclusive and that in view of the limited number of posts available, no children previously appointed by CERN under this scheme can be considered. The duration of all appointments will be 4 weeks.

Each parent who is interested is asked to arrange for Personnel Division to receive an application from the child in question. Application forms may be obtained from the Fellows and Associates Service, Personnel Division, Office 5-3-008, telephone 4471. Completed application forms must be returned to this Service by May 16 at the latest.
