

seminars

PHYSICS III SEMINARS

Monday, January 26

11.00

Theory Conference Room

"K-mesic atoms and anomalous neutron distributions in nuclei"

J. R. Rook / Oxford

Monday, February 2

11.00

Theory Conference Room

"Nuclear correlations and Glauber theory"

O.Kofoed-Hansen / CERN

COLLOQUIUM

Tuesday, January 27

16.30

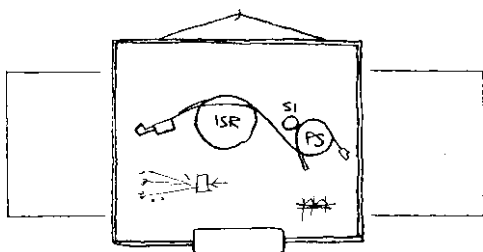

Auditorium

"Management Development in a Research Organisation"

D. Gratton/ Management Skills Unit - High Wycombe

Abstract :

Leadership role of the supervisor in motivating his staff by job classification, job' enlargement, target setting, delegating training and manpower planning. Reference will be made to experiments at Harwell with Management by Objectives and definition of performance standards .

Le Secrétariat du Service de l'Enseignement a été transféré au Laboratoire 5, 4ème étage, bureau 4-022 (tél. 284-4).

Please note that the Training and Education Service Secretariat is now located in Laboratory 5, 4th floor, room 4-022 . (tel.2844).

ACADEMIC TRAINING

Tuesday, January 27

11.00

Auditorium

THEORETICAL PHYSICS

"Multiparticle phenomenology"

H. M. Chan (2nd lecture)

Mercredi 28 janvier

14.15

Amphitheatre

MATHEMATIQUES APPLIQUEES

"Introduction à l'analyse numérique"

E. Louis

Seconde partie : l'interpolation polynômiale au sens de Newton et au sens de Lagrange et les problèmes qui s'y rapportent.

Thursday, January 29

11.00

Auditorium

APPLIED PHYSICS

"Introduction to particle accelerators"

E- Bonaudi (6th lecture)

Parts 1,2,3, and 4 of the lecture notes have been published and may be obtained from Training and Education Service (4th floor, Lab. 5 A new distribution > point will be arranged soon).

ENSEIGNEMENT GENERAL

Mercredi 28 janvier

17.30

Amphitheatre

"Les pannes"

R. Carreras (2ème leçon)

Jeudi 29 Janvier

13.00

Amphitheatre

SCIENCE POUR TOUS

"Eau, sel et foudre".

R. Carreras
