

RESCO

In Weekly Bulletins Nos. 30 and 31 the Staff Association published a report on the RESCO meeting of 2-3 July 1979, confining itself to a factual account only.

Discussions on this meeting call for the following remarks :

1. The comparative studies requested and accepted by RESCO (document CERN/FC/WG/RESCO/5.3) had demonstrated that CERN salaries for married staff with two children were :
 - below those of the Services Industriels de Genève for grades 2 to 6, though SIG represents a good comparison for these professional categories because of the similar work carried out by the personnel concerned;
 - below those of the Co-ordinated Organizations for grades 7 to 14;
 - and below those of the European Communities for all grades between 2 and 14.
2. These comparisons did not deter the Member State Delegates in RESCO from :
 - proposing to raise the lower grade salaries only to a level 5% below that put forward by CERN;
 - suggesting at first (in the case of certain Delegations anyway) that this rise should be accompanied by a pivoting of the scale around grade 8, which would have resulted in reductions, to a greater or lesser degree, of the salaries for grades 8 to 14;
 - finally proposing, after lengthy discussions, that the salaries for grades 7 to 11 should be kept at their present levels and those for grades 12 to 14 reduced.

All these proposals were framed by the Member State representatives despite the interventions of the Staff Association and in a total absence of any rational argument: yet on social conditions - pensions and their guarantees, job security, right to work in the Host States, etc.. - no proposals have so far emerged for protection equivalent to that assured for employees of the States with which the comparison of our salaries was asked for.

3. A growing number of the members of the personnel affected by this unjustified reduction in the upper part of the scale has already given voice to dissatisfaction, and expects the Management and the Staff Association to show the same conviction and vigour in the defence of their interests as in the case of the other professional categories - interests which are not limited to the salary scale alone but extend over the whole range of social conditions considered by RESCO.
4. The Executive Committee intends :
 - to hold a Council meeting on 4 September 1979 to determine the positions to be taken and to propose an Extraordinary General Meeting of

the staff before the next RESCO meeting;

- to use all available means, through the appropriate channels, to safeguard the interests of all professional categories in the Organization.

APPEALS IN CONNECTION WITH THE CLASSIFICATION OF POSTS AND PROMOTION

Members of the personnel who wish to make an appeal to the Director General are reminded of the terms of paragraph 4 of the Annex to the Information Sheet on this subject dated December 1977 -

"Routeing of Appeals":

"..... In order to be considered, the appeal must be lodged after the end of the Staff Review has been officially notified and by 30 September of the same year at the latest..."

CLUBS

GROUPES ENVIRONNEMENT

1. Le Groupe Environnement rend hommage à la mémoire de Lew KOWARSKI et en particulier, aux prises de position courageuses et lucides de ce pionnier de l'énergie nucléaire, contre le développement des surgénérateurs et la commercialisation du plutonium.
2. Si vous habitez sur France et êtes intéressé par le chauffage solaire, vous pouvez contacter l'Union Fédérale des Consommateurs (UFC). Elle vient d'établir un contrat avec certains fabricants, prévoyant une garantie de 10 ans et un groupement de commandes.

YACHTING CLUB

La traditionnelle croisière du Jeune Genevois aura lieu du 6 au 10 septembre 1979.
(départ le 5 au soir - retour le 11 au matin).

Cette croisière doit permettre aux débutants de découvrir la vie en mer, avec le soleil et la bonne humeur en primes !

Quelques adolescents, s'ils ont plus de 12 ans, peuvent y participer.

Prix : 300 FS environ + transport.

A retourner à G. CANIAC/SPS - C. NICHOLS/EP -

Je participerai à la Croisière du Jeune Genevois.

Nom.....Prénom.....

Division.....Tél.....

Je serai accompagné(e) depersonne(s).

VÉLO CLUB

Le dernier Week-end, magnifiquement ensoleillé, a permis 2 belles sorties. Les féminines, dans le Pays de Gex ont savouré la Côte de Divonne-Vesancy (total 51 kms) tandis que les hommes appréciaient le charme de la Vallée de la Valserine et la montée de Mijoux-Lal Faucille (total 90kms).

Sorties du samedi 11 août 1979

Féminines : Départ à 14h15 (heure française)
Piscine de Ferney-Voltaire
ou
Départ à 14h30 (heure française)
Eglise de Meyrin.

Direction Bernex, puis Viry, Valleiry (ascension partielle du Mont-Sion), Chancy, Avully, Russin et Satigny.

Grand tour de 62 kms, tour moyen de 51 kms.

Hommes : Attention ! 2 parcours totalement différents :

a) Montagne, seulement pour ceux qui apprécient une montée difficile :

Départ à 8.00 (heure française)
Piscine de Ferney-Voltaire
ou
Départ à 8.30 (heure française)
Piscine de Divonne-Les-Bains

Direction route forestière et montée de 11 kms jusqu'à La Vattay (alt. environ 1.300m), puis retour par La Cure, descente St. Cergue et rendez-vous à Crassier entre 11.00 et 11.30 (heure française).

b) Légèrement vallonné, départ également à 8.00 (heure française)
Piscine de Ferney-Voltaire

Direction Divonne, Crassier Douane, route du vignoble jusqu'à Aubonne et retour par le bord du Lac via St. Prex, Morges, St. Sulpice, Gland, Crassier.

Rendez-vous commun à Crassier dès 11.30 (heure française).

CRICKET CLUB

Boycett won the single wicket competition on July 28 - well, hardly, but so many players had to give this a miss because of the holiday season that the event had to be cancelled. However the match on August 5 took place as scheduled - scores :

CERN 165 for 5 declared, Indian XI 67 all out, CERN won by 98 runs.

Most of CERN's runs came from our Captain, Christie Marrian, who scored 114 net out, a club and ground record. Our next matches are on Saturday, August 18, v. Berne C.C. at Berne, and on Sunday, August 26 v. Geneva C.C. at CERN. Cricket continues in September and even early October with away trips to Milan and Grenoble, and the visit of British Airways Manchester, plus our match on the CERN Staff Day against the local Indian XI. Net practice is every Thursday 17.30, and new members are welcome.

Further information from 4473/2923/3883.

FOR INFORMATION

GYM-TO-JAZZ CLUB

FOURTEENTH SEASON 1979/1980
BEGINS MONDAY, 10 SEPTEMBER

Open to staff members of all International Organizations, Permanent Delegations and members of their families. There is no upper age-limit, but children of staff members must be over 16 years of age.

LOCATED : Collège Rousseau, Chemin du Bouchet.
Run by : Raoul Lanvin, Modern jazz dance choreographer, aided by his assistants.

SUBSCRIPTIONS, PAYABLE IN ADVANCE : for 1 (2) hours per week.

1st term : Fr. 70.- (Fr. 100)-(10 Sept. - 13 Dec.)
2nd term : Fr. 60.- (Fr. 90)-(7 Jan. - 27 March)
3rd term : Fr. 45.- (Fr. 60)-(15 April - 12 June)

The Club offers members an unusual and enjoyable form of "keep fit", suitable for both men and women. Some have taken it up as pre-ski exercise. It is combination of dancing - gymnastics and rhythmic, an original way of limbering up within the reach of everyone.

Those wishing to join the Club should complete the form below and RETURN IT BY 31 AUGUST, to :

"Gym-to-Jazz" Club, c/o Mrs. S. ZIVIAN - Div/HS -

An acknowledgement will be sent with a green payment form.

GYM-TO-JAZZ CLUB

I would like to attend the classes mentioned in your circular.

NAME / Christian Name : Mrs, Miss, Mr.
(please print)
