

INFORMATIONS GENERALES GENERAL INFORMATION

ADVISORY COMMITTEE OF CERN USERS (ACCU)

The next meeting of ACCU will be held on **Wednesday 14 March at 10.00 hrs** (Director-General's Conference Room, bldg 60, 6th floor) with the following agenda :

1. Adoption of the agenda
2. Minutes of the previous meeting
3. Matters arising
4. Financial and insurance cover for Users
5. Report on ST services (H.F. Hoffmann)
6. Divisional restructuring
 - Research sector (J.V. Allaby)
 - Other sectors (H.F. Hoffmann)
7. Users' Office report (E. Lillestol)
8. The St-Genis hostel
9. AOB
10. Agenda for next meeting

ACCU is the forum for discussion between CERN management and the representatives of CERN users to review the practical means taken by CERN for the work of Users of the Laboratory. User members are (in brackets internal telephone numbers) :

AUSTRIA	W. Bartl (4094)
BELGIUM	C. Bricman (4712)
DENMARK	P. Hansen (6016)
FRANCE	A. Roussarie (6439) G. Sauvage (4250)

GERMANY	M. Holder (4073) H. Siebert (7773)
GREECE	G. Theodosiou (4874)
ITALY	G. Conforto (6396) P. Laurelli (8126)
NETHERLANDS	D. Toet (3645)
NORWAY	L. Bugge (5943)
PORTUGAL	P. Bordalo (4704)
SPAIN	J. Hernandez (2721)
SWEDEN	P.O. Hulth (4271)
SWITZERLAND	J. Schacher (3170)
UNITED KINGDOM	P. Booth (2088) P. Norton (2030) (Chairman)
NON-MEMBER STATES	S.L. Wu (7171) I. Galaktionov (5947)
CERN	C. Fabjan (3024) P. Jenni (3046)

CERN management is represented by P. Darriulat and J. Thresher (Directorate) and E. Lillestol/EP with B. Pattison/EP as Secretary. The CERN Staff Association is represented by M. Borghini. Other members of CERN staff attend as necessary for specific agenda items. Anyone interested in further information about ACCU is welcome to contact the appropriate representative, or the Chairman or Secretary (2923, 6767).

ANNUAIRES TELEPHONIKES

La restructuration de toutes les divisions n'étant pas terminée, il n'est pas possible actuellement de publier une nouvelle édition de l'annuaire Alphabétique ou des 'Pages jaunes'.

Les dernières informations de mise à jour de l'annuaire Alphabétique sont disponibles en utilisant la commande PHONE sous VM.

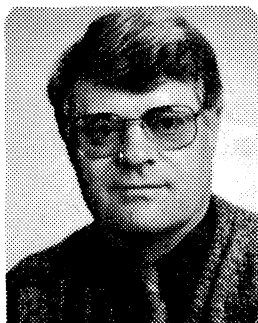

CERN TELEPHONE DIRECTORIES

Since the restructuring of all divisions is not yet complete, it is impracticable to issue the Alphabetical or 'Yellow Pages' directories at present.

Please note that the latest information about the Alphabetical directory is available on the VM service using the PHONE command.

AVIS DE DECES

Nous avons le regret d'annoncer le décès de Monsieur Eifionydd JONES, survenu le 2.3.1990.

Monsieur Eifionydd JONES, né en 1934, travaillait à la Division PS et était au CERN depuis le 12 octobre 1959.

Le Directeur général a envoyé un message de condoléances de la part du personnel du CERN à la famille.

Division du Personnel

Eifionydd JONES (1934-1990)

It is with deep sorrow that we mourn the loss of our friend and colleague, Eifion, who died peacefully in his sleep on Friday 2nd March.

His PhD studies, under Prof. Llewellyn-Jones at the University College of Swansea, concerned the growth of ionization currents at low hydrogen gas pressures, and interactions between ions and metal surfaces.

He joined CERN in 1959 as a Fellow in AR Division. After working on the CESAR model storage ring, he went on to help to build and run the ISR, where he designed the thin-shell vacuum chambers for the interaction regions. This entailed one of the first uses of large Finite Element Analysis programmes, to realize structures at the limit of mechanical stability.

In the late 60's he spent two years at the HEPL, Stanford, where he worked on the application of superconductivity to r.f. accelerating structures, and contributed to the successful operation of a 1.5 MeV prototype electron linac.

Following some years as Divisional Safety Officer and Leader of the General Engineering Group in ISR Division, he joined the Antiproton Accumulator project as Deputy Group Leader. His contributions ranged from beam-equipment interactions and ion induced instabilities, to civil engineering and water-cooling.

In 1982 he became AA Group Leader, and was also appointed Chairman of SAPOCO. Subsequently, as Leader of the ACOL Project, he successfully managed to continue the reliable operation of the existing AA ring, while building the Antiproton Collector on schedule.

In 1986, Eifion was appointed Deputy Leader of PS Division; a role which he occupied until his untimely death. During this time, he founded and presided an 'action-group' of British people at CERN, to improve the knowledge of CERN in the United Kingdom, and fight for its continuing membership. Characteristically, in spite of his ever increasing physical handicap, he continued to produce new ideas (a paper proposing a high energy muon collider being almost completed) and to help others (reviewing the TRIUMF KAON proposal a few weeks ago).

Eifion has contributed much to the whole field of accelerators and to CERN's success. Those of us privileged to have known him, have been enriched, and will remember him above all for his honesty, humanity and unfailing good humour.

Roy Billinge

A TOUS LES MEMBRES SUISSES DU PERSONNEL

Remboursement de l'Impôt Fédéral Direct 1989-1990

La procédure de remboursement précédemment utilisée, ayant donné toute satisfaction, va être employée à nouveau pour le remboursement de l'IFD 1989-1990. Il vous suffit donc d'envoyer au Service de la Comptabilité du Personnel, Division des Finances, une copie du **bordereau** (partie **gauche** du document que vous avez reçu de l'Administration fiscale), sans établir de demande de remboursement ni fournir de copie du récépissé de paiement de l'impôt.

Le remboursement sera effectué directement sur votre compte bancaire par la Division des Finances, à partir des documents fournis par l'Administration fiscale nous indiquant le montant prélevé sur le revenu en provenance du CERN.

Le remboursement portera sur les deux années 1989 et 1990, compte tenu, comme par le passé, de l'escompte déduit pour le paiement anticipé de l'impôt 1990.

SECURITY COURSE FOR DEC SYSTEM MANAGERS

A 2-day course on Security will take place at CERN on 19/20 March in English.

The same course will be repeated on 26/27 March in French.

There will be **NO CHARGE** for participants.

The course will be given by Ricky Borel / DEC Europe in the CN Amphitheatre (bldg 31/3rd floor) from 09.00 to 17.00 hrs. The following topics will be covered :

Day 1 Account Management

- identifiers, file transfer, proxy's, file protection, privileges.

Day 2 Network Management

- access control, DECnet objects

Security Monitoring

- audit, accounting, acl's

This training session is aimed at securing VAX/VMS systems connected to private & public networks, for system managers with little or no experience on VAX/VMS systems.

To register, please contact M. Cipriotti / CN, preferably by E-Mail (VXCERN::CIPRIOTT).

AVIS DE DECES

Nous avons le regret d'annoncer le décès de Monsieur Marc ORGERET, survenu le 4.3.1990.

Monsieur Marc ORGERET, né en 1931, travaillait à la Division MT et était au CERN depuis le 24 avril 1962.

Le Directeur général a envoyé un message de condoléances de la part du personnel du CERN à la famille.

Division du Personnel

CHANGE OF TELEPHONE NUMBER

Please note that since January 1989 the telephone number of **W. BLAIR**, Education Services, is **3364**. His previous number, 3634, which appears in the still current Alphabetic Directory which was issued in December 1988, is not valid.
