- The Staff Association's policy with regard to the Interdivisional Review Panels,

- The launching of a pilot training scheme for mechanics, organized by the Staff Association in collaboration with outside experts.

The summary record of this meeting will be posted on the Staff Association notice-boards in the very near future.

TRAVELLING EXPENSES

The reimbursement of travelling expenses arising from home leave has on occasion given rise to differences of opinion, and even legal action, between members of the personnel and the Management.

Those who feel that the method of calculation applied in their case is not consistent with the Staff Regulations are requested to contact their Staff Council member.

STAFF INSURANCE SCHEME

A certain number of candidates have contacted the Staff Association. Since some of these candidates are not well known to the staff as a whole, the Executive Committee has thought that it would be useful to indicate those candidates with whom it has the opportunity of working and who have shown a continuing interest in the Staff Association :
