INTERNAL TRANSFERS

It is the policy of the Organization to encourage staff to widen their experience and further their careers by moving from one post to another, as suitable opportunities for advancement occur. To improve the facilities for internal transfers from one division to another, and to provide potential candidates with the maximum of information about the possibilities available within CERN, a list of all posts vacant will be published once a month in the Weekly Bulletin. The Personnel Officers will be pleased to discuss any of these openings, and give any further details required. In order to assist candidates to present information about their CERN careers and qualifications in support of requests for transfer, an Internal Application Form has been designed and copies of these forms are available from all division secretariates, or from the Personnel Division. As in the past, vacancy notices will continue to be published in all Divisions, and a complete and up-to-date set, giving details of all posts vacant, is maintained in the Reception Office, Personnel Division (tel. 2735).

PRESENTATION TECHNIQUE

Mardi 8 juin
09.00 - 12.00
Salle conférence TC - bât. 13,
2e étage.

La Société LCC - CICE (France), représentée par MODULATOR SA (Suisse), vous propose trois exposés sur les thèmes suivants :
- technologies et applications des lignes à retard électromagnétique : durée 1 heure;
- condensateurs et lignes à retard de puissance : problèmes de dissipation et faible inductance, possibilités des différents diélectriques : durée 45 min.;
- condensateurs céramiques de puissance : problèmes de la tenue en température des enrobages, montages spéciaux.
Langues : français (questions : allemand, anglais)

APPARTEMENTS A VENDRE
(ZAC de St-Genis)

La Société Centrale Immobilière de la Caisse des Dépôts de Lyon vient de nous informer du début des travaux de construction d'une première tranche de 185 appartements à St-Genis.

La livraison de ces logements, destinés seulement à l'accession à la propriété, s'échelonnnera de mars à novembre 1972.

Les personnes intéressées sont avisées que les promoteurs tiendront une réunion d'information dans l'Amphithéâtre du CERN le lundi 7 juin, à 17h.45, et qu'ils seront à la disposition des personnes désirant s'inscrire, toute la journée du lendemain, mardi, dans la Salle "A" (Bâtiment de l'Administration).
