GROUPEMENT DES ANCIENS DU CERN

La prochaine **permanence** du Groupement des Anciens du CERN, se tiendra le :

MERCREDI 6 JUILLET 1988, de 14h00 à 17h.00

Locaux de l'Association du Personnel - Bât. 64 R-002

GOLF

Dozens of our members (well, 26!) responded to the challenge posed by the rarified air of the Mont d'Arbois golf course at Megève.

Generally speaking, it must be admitted, the results were mainly negative. One doesn't have to understand Quarks and Bosons to know that at such altitudes one should be able to hammer that little ball right out of sight ! Sadly, it's difficult to put all you're got into a full-blooded swing when you have just dragged 30 kilos of clubs and trolley up a 1 in 3 slope and your lungs keep expanding into the path of your downswing ! Conclusive evidence was provided by the fact that the prize for the longest drive was carried home by the aerobic Nicole SCHNEIDER, to the mortification of every macho male member present. All in all, it was a suitable location for an "AIR FRANCE" tournament with the prizes generously donated by Bernard TEYSSIER. Some of the more senior members felt that it would have been more appropriate if he had provided oxygen masks instead of prizes !

Nevertheless, it was a great day, especially for Jean-Marc SAINT-VITEUX who landed the 1st prize with 36 stableford points. Brian MOY was second with 33 points, while Philippe NOUCHI and les McCULLOCH tied for third place with 31 points each.

Nicole SCHNEIDER obviously burnt herself out producing that long drive because although she and Carole PONTING were equal after nine holes, Carole pushed her into second place during the second nine. Mme TEYSSIER breezed home third to keep the sponsors name in the club records.

The Golf Club wishes to express their thanks to Bernard for his support and friendship in the past years and wish him all success in his new post in Germany.

The next outing will be over the bumps of Bossey on Friday, 1st July with tee-offs starting at 13.00 hrs. Only players with handicaps less than 30 should apply. Also useful are arms of steel and legs like a mountain goat ! Inscriptions to B. MOY (BRYAN@CERNVM) **before Tuesday, 28th JUNE at 17.30.**
