**'COMPUTING SUPPORT FOR ENGINEERING'
NEWSLETTER**

The first issue of this Newsletter has just been published. Its purpose is to keep the engineering community at CERN informed on the availability of support for their particular computing needs and on the direction in which this support is developing.

Copies are available from Divisional Secretariats, the Main or Computer-Science Libraries or on request by mail or E-mail from me. It is intended to distribute future issues directly and so, if you are interested, please complete and return the subscription form on the last page of the Newsletter.
