WEEK MONDAY 24 APRIL

n° 17/89

SEMAINE DU LUNDI 24 AVRIL

COMMUNICATIONS *OFFICIELLES*

Les membres du personnel sont censés avoir pris connaissance des communications officielles ci-après.

La reproduction même partielle de ces informations par des personnes ou des institutions externes à l'Organisation exige l'approbation préalable de la Direction du CERN.

OFFICIAL NEWS

Members of the personnel shall be deemed to have taken note of the news under this heading.

Reproduction of all or part of this information by persons or institutions external to the Organization requires the prior approval of the CERN management.

SUMMARY OF THE 3RD MEETING OF THE ADVISORY COMMITTEE OF CERN USERS

4 April 1989

Chairman's report

The Chairman reported on the meeting of the Management Board on 16 February to which, for the first time, an ACCU Chairman had been invited to discuss user matters. The proposals formulated by ACCU at its previous meeting had been well received, and the Management Board expressed the wish that also in future ACCU would present the users' needs in a coherent way.

Follow-up of ACCU proposals

ACCU noted with satisfaction that decisions by CERN management had allowed for progress concerning housing, office space and the User Office. As to housing it welcomed in particular the immediate availability of accommodation in Cessy.

Instruments of understanding

ACCU reiterated its appreciation for the proposed instruments of understanding and asked CERN management to take account of the comments from the user communities in the final version.

Insurance cover and financial situation of users

ACCU supported the views of CERN management on the necessity of sufficient insurance cover of

the users by/through their home institutes, when at CERN. It was decided to continue the discussion at the next meeting on both the insurance and the financial situation of users.

Information to users

ACCU insisted on the importance of timely information to users on all aspects of developments at CERN. ACCU supported existing ideas, like User Office newsletters by electronic means of communication, updating the Users' Guide etc.

Nominations

ACCU nominated as its Chairman from the next meeting onwards Dr Peter Norton from the United Kingdom. ACCU also nominated as the users' representative on the Restaurant Committee Prof. Sau Lan WU, on the Housing Fund Committee Mr Claude BRICMAN and on the Electronic Pool Advisory Committee Dr Dirk TOET.

Schedule of meetings

ACCU meetings are scheduled for 29 June, 28 September and 6 December 1989.

COMMISSION PARITAIRE CONSULTATIVE DES RECOURS

La Commission Paritaire Consultative des Recours s'est réunie pour examiner l'appel introduit par Monsieur Michel TARDY à propos de l'application de la Circulaire administrative n° 22.

Conformément à l'Article R VI 1.11 du Règlement du Personnel, les recommandations de la Commission et les décisions définitives du Directeur général sont à porter à la connaissance du personnel.

Pour ce faire, ces documents seront affichés aux tableaux du Bâtiment de l'Administration (n° 60) du 21 avril au 5 mai 1989.

Division PE
Tél. 2855

JOINT ADVISORY APPEALS BOARD

A meeting of the Joint Advisory Appeals Board has been held to examine the appeal lodged by Mr Michel TARDY regarding the application of Administrative Circular N° 22.

Article R VI 1.11 of the Staff Regulations specifies that the recommendations of the Board and the final decisions of the Director-General shall be brought to the notice of the personnel.

The relevant documents will therefore be posted on the notice boards of the Administration Building (N° 60) from 21 April to 5 May 1989.

SEMINARS SEMINAIRES

Monday 24 April

EF SEMINAR

at 11.00 hrs – EF Conference Room
bldg 13, 2-005

A new generation of computational tools in structural engineering

by Lionel BORNE / CERN-EF

The goal of this seminar is to introduce the recent concepts of operators and typed objects, which improve considerably the programming capacities for the finite element method in structural engineering. The versatility of such architecture will be discussed using the CASTEM 2000 package. It provides a simple, powerful, and interactive environment for the user: the finite element modelling is done using an 'evolved' language to link operators and typed objects. Natural typed objects and basic operators will be used in a very simple analysis. New features will be also explored:

- *The user's capacity to check, modify, improve an algorithm without any help from the developing team.*
- *The user's capacity to build procedures and libraries, his own environment.*

- *The capacity to perform other types of analysis and to incorporate new features.*

Language : Foils will be in English; the talk will be in French.

Lundi 24 avril

PRESENTATION TECHNIQUE

de 14.00 à 17.30 h – bus, parking extérieur, près de l'entrée principale

Excom AG (CH/J) présente ses nouveautés en matériel informatique :

- **Ordinateurs** : EPSON AX, AX2, AX3 386 20 MHz, AX portable 286 12 MHz, PSE30
- **Imprimantes** : EPSON LX-850 : LQ-550, SQ-850, SQ-2550, TLQ-4800, TSQ-4800, GQ-5000 laser jusqu'à 6 MB de mémoire, LQ-860/1060
- **Moniteurs** : EIZO 4051 WL monochrome blanc 14", 6500 monochrome blanc 21" pour PAO, 9060 FLEXSCAN 14", 9070 FLEXSCAN 16", 9500 FLEXSCAN pour la CAO.

Langues : allemand, anglais, français
Renseignements : M. Diraison / FI / 4585
