EXTERNAL COURSES

The programmes of the following courses may be consulted on the special notice boards in the Administration Building near Restaurant N° 1, in the entrance of Restaurant N° 2 and in barrack N° 589, Room 8. You will also find there more complete information.

We should like to remind you that all arrangements to follow these courses or seminars (finance, leave, etc.) are to be made with your Division.

1974 EUROPEAN CONFERENCE ON CIRCUIT THEORY AND DESIGN
23-26 July 1974 - Organized by the Institution of Electrical Engineers, London.

Training and Education Service

cern information

SUMMER STUDENTS 1974

As in previous years, CERN will play host during the Summer to students from universities and technical colleges in all the member states. The total number this year is just over 150, and the peak months are July and August. Supervisors are as usual requested to try to avoid misuse of the facilities (including computing). Having said that, let us not forget that if each student on returning to his member state gives on average n people his impressions of CERN, then $150n$ people are going to get a first-hand account of CERN. You have been warned !

The lecture programme for the students is almost finalized. Details will be given in future issues of the Weekly Bulletin and the complete programme (including abstracts) will be available during the next ten days or so in the form of a brochure. This brochure will be distributed to all students and lecturers and also to the divisional secretariats. Anyone else interested should contact the Fellows and Associates Service (2847/4473) after July 8. The first lecture will be given on July 16 and thereafter there will be two lectures per day until August 28. All lectures will be given in English, in the Main Auditorium.

W. Blair / PE

RAPPELS DU SERVICE DE SECURITE

- 1/ Lorsque vous êtes témoin d'un accident corporel, téléphonez au 2222 pour demander une ambulance. Ne transportez pas le blessé vous-même jusqu'à l'infirmierie.
- 2/ Lorsque vous faites un appel sur le 2222, précisez bien le numéro du bâtiment. Des panneaux portant ces numéros ont été posés sur tous les bâtiments pour en faciliter le repère.

POUR INFORMATION

En raison des travaux de fouilles et de pose de canalisations qui doivent être exécutés sous les routes Bohr et Becquerel, les parkings Atelier Ouest et Cour du PS seront fermés du 1er juillet au 31 août 1974.

Parkings de remplacement : Newton + 174 + 513.
