

HEALTH CARE PROVIDERS APPROVED BY THE CHIS

Hospitalisation

The choice of establishment, sector of care and type of room have an important impact on the reimbursement rates of in-patient treatment (hospitalisation). All aspects of hospital care concerned: doctors, surgeons, anaesthetists, laboratory tests, radiology, examinations, etc. The table below provides a summary of the different cases.

Establishment	Sector of care	Reimbursement rate	Maximum Out-of-pocket Expense (FCA ¹)	Payment of invoice	Additional costs
Public hospital	Public (public ward)	100 %	0 CHF	By Third-Party Administrator	Any supplement for a single-bed ward is wholly at the expense of the Member
	Private or semi-private	General rule ¹ (80%, 90% or 100% according to FCA)	3000 CHF (included in FCA ¹)	By Third-Party Administrator	
Approved private hospital ²	All				
Non-approved private hospital	All	80%	Unlimited (excluded from FCA ¹)	By the Member

Outpatient care

Only care provided by medical practitioners (physicians and auxiliaries assisting in the treatment) qualified and licensed by the competent national authority to exercise in the State in which the treatment is provided can be reimbursed. In the local area, CERN has made tariff agreements with some of them.
