Concerts Publics du Cern

10ème Anniversaire

CONCERT
HORS PROGRAMME

On 27 May, a cultural event of a very special nature has been arranged. This year, we shall be celebrating the tenth anniversary of the CERN concerts, which have become so very popular with music lovers. The activities of the current season will culminate in an 'evening out' set in the sumptuous décor of the XIII century Château de Coudrée (situated at 23 km from Geneva at Sciez, Haute-Savoie, France). You - and your friends - are cordially invited to attend the dinner concert in which a performance will be given by the Ricercare Ensemble de Musique Ancienne from Zürich.

The programme will start at 8 p.m. in the court-yard of the Château, to the strains of mediaeval melodies. Later, against a background of melodies from a distant past, apéritifs will be served in the three ground-floor lounges with their regal furnishing and period tapestries. With appetite and curiosity now keenly aroused, you will be invited to proceed into the spacious dining room on the first floor where, enjoying the warmth of logs crackling in the Renaissance fire-places, you will take your seat at table whilst the musicians will play music composed specially for seigniorial banquets.

The charge for the reception is 45 SwFr., all inclusive (concert, dinner, drinks and service). If you would like to join us on this very special occasion please fill in the coupon below and return it as soon as possible (the number of seats is limited) to : G. ADAM/Div. MSC/Extension 4008.
