Cricket

CERN C.C. vs Zug C.C. (16 July 1995)

Winning the toss CERN put Zug in to bat in this Swiss Cricket Association League match. CERN's opening bowlers, Pattison and Onions were soon among the wickets. In their opening spell of 5 overs each they reduced Zug to 4 wickets for 13 runs! One of these wickets fell to a brilliant catch low down to his right by Davenport. Zug lost a fifth wicket with their score at 17, but then continued to 79 before the next wicket fell to King — a rare Hit Wicket. He tempted their No.9 batsman forward for a stumping by Carter, and the CERN openers finished off the tail, closing Zug's innings at 106, Pattison finishing with 4 wickets for 8 runs off 6 overs. For once CERN held 4 out of 5 catches offered! This must surely be a record this season.

Needing only 2.6 runs per over to win this match, CERN's opening pair batted prudently, losing the first wicket in the 8th over with the score at 17. At this stage a semblance of rot set in and 3 more wickets fell for the addition of only 8 runs in the following 4 overs! Typical, although it must be stressed that one wicket fell after rebounding off the pads from a foot outside the leg stump. Although ahead on run rate at this stage, the Zug bowlers did their utmost to slow down CERN's progress and did so to such an extent that after 22 overs CERN started to lag behind, and continued to do so until with a final flourish after Davenport was run out for 41, CERN overhauled Zug's total in exactly the same number of overs (35.4), winning by 5 wickets with King on 37 not out.

The next matches are against the MCC (Milan) on 22/23 July at Prévessin whilst six members of the club will be participating in the Durham Cricket Festival in the UK from 22 to 29 July.

Further information about Cricket can be found under the World Wide Web, via the CERN Home page, "other news" and then "Clubs", or from:
