

SEMINARS

PHYSICS III SEMINAR

Monday, November 3
11.00 h
Theory Conference Room

"Theoretical developments in the field of π -mesic atoms".
Invited Talk at the Columbia Conference.
T.E.O. Ericson / CERN

TECHNICAL PRESENTATIONS

Tuesday, November 4
14.30 h
Auditorium

Performance characteristics obtainable from a small 180° deflection mass spectrometer.
J. Buckingham / Edwards Vacuum Components Ltd.

Thursday, November 6
14.30 h
Auditorium

"Presentation of the CDC 7600"
J. Dammeyer and P. Bonseigneur / CDC

The CDC 7600 is the most powerful CDC computer available. The CDC 7600 has almost the same instruction set as the CDC 6600 but the system organization is different. The presentation will include a description of the overall hardware organization and of existing and planned software systems.

SERVICES IS GIVEN IN THE ATTACHED CALENDAR

L'INFORMATION COURANTE SUR LES COURS OR-
GANISES PAR LE SERVICE DE L'ENSEIGNEMENT
EST DONNEE DANS LE CALENDRIER CI-JOINT

INFORMATIONS COMPLEMENTAIRES: ADDITIONAL INFORMATION

ACADEMIC TRAINING

"Introduction to modern biology"
by F. Vester (Max-Planck
Institute).

Tuesday, November 4
Thursday, November 6
11.00 h
Auditorium

We would like to draw attention to this course which is the first in a new "basic courses" series. These are intended to update general knowledge in important scientific fields, outside subnuclear physics, which have grown rapidly during recent years. Professor Vester is well known for his presentation of scientific subjects to non specialized audiences. Some of you may remember that he gave already a very interesting colloquium at CERN in February 1969. This series of lectures, which will take place on Tuesdays and Thursdays in November, will be illustrated with several films produced by Prof. Vester himself.

Avis

AUX FONCTIONNAIRES AUTORISES A CONDUIRE LES VOITURES CERN

A partir du 3 novembre 1969, de nouvelles cartes d'Autorisation de conduire des véhicules CERN seront mises en service. Les fonctionnaires concernés sont priés de passer au Garage dès que possible, munis de leur ancienne carte, afin de prendre possession de la nouvelle.

Service des Transports/Division S.B.

COUPURE D'EAU FROIDE

Nous vous informons que des travaux seront entrepris sur l'alimentation en eau froide du Site, le mercredi 5 novembre 1969, de 03.00 heures à 06.00 heures, risquant de perturber les différents utilisateurs. Par avance, nous vous remercions de votre compréhension.
